Guyers House Hotel has nine outdoor teambuilding exercises available in the spacious grounds.

The exercises are devised to challenge and stimulate problem solving and to foster the ability of groups to work together as a team. They not only encourage cohesive teamwork, but also lead to an appreciation of the contribution each team member can make towards achieving the solution. The exercises are enjoyable and also of real value in breaking the ice between people who may not know each other well.

A complete set of manuals is available for trainers.

There are nine outdoor exercises installed. Each can be varied to make the solution more or less complicated. Time limits vary but on average each exercise takes about 40 minutes.

“

I have used Guyers House over a number of years for corporate events and it never ceases to impress. The venue, the facilities and the staff are second to none. The food is of high quality and succeeds in making my delegates feel special and valued. The outdoor team building activities are the jewel of Guyers House. It's what makes the establishment unique and streets ahead of other conference facilities. All this, just a stone's throw from Bristol and Bath, combined with ample free parking and all in an idyllic setting, makes it the business venue of choice for me.”
